Dear Harold:

In response to your letter of February 2, 1987, attached please find copies of documentation relating to the asbestos cement pile.

I have forwarded your letter to Fred Bright to handle the other matters. While you may not have been in the loop, Ray Emerson discussed a period of about 90 days for a reasonable time to remove the equipment. Nonetheless, we understand your concern and we are addressing the issue.

Very truly yours,

GAF CORPORATION
